Subject: Media coverage and loss of life

Media coverage has been very heavy --looks like injuries and loss of life are heavy as well. Ross lands this afternoon and I will talk with him about whether he needs to come here. Don is giving a statement to the press as I write this. Expect a lot of follow up coverage tomorrow. Then I believe it will essentially go away -- due do the holiday weekend. Dc is taking care of the federal folks and Glenn is handling the state officials.

This is a very big story in the US right now -- but the Terry Schiavo story is huge as well.
